

Adnan Saleem

Full Stack Developer, Pakistan

☎ (+92)3400457882 | ✉ daniweber3561@gmail.com | 📱 adnan-ecompanda | 🌐 adnan-saleem-b3abb9120

Core Competencies

Languages	PHP, JavaScript, SQL, Python, NodeJS
Expertise	Web Development, Prompt Engineering, AI Agents, AI First Engineering, AI Integrations, Rest APIs, Design Patterns, Data Structures, SOLID, SonarQube, Third-Parties Integrations
DevOps	CI/CD, Jira, ClickUp, Git, GitHub, AWS, Docker
Framework	Laravel, ReactJS, Laravel, CodeIgniter, Tailwind, Bootstrap
Database	MySQL, PostgreSQL, MongoDB
Soft Skills	Leadership, Teamwork, Time Management, Problem Solving, Critical Thinking, Approachable

Professional Experience

Modality Global Advisors

Remote, USA

Full Stack Software Developer (AI & ML Integration)

Jul 2025 - Ongoing

- Led the development of several modules of in-house **MGA, Coati, RCM and PPA platform** of **Modality Global Advisors**.
- Developed and maintained **Centralized portal** for internal use and integrated CMS solution with **Laravel** for all existing solutions of **MGA**.
- Enhanced user experience and increased overall system efficiency by **4-15%**, by **optimizing SQL queries incorporating required constraints and indexing techniques**.
- Delivered **complex reports**, for comprehensive business analytics, resulting in smooth business operations.
- Collaboration with **cross-functional teams**, elevating the system experience to achieve shared goals and foster enhance team synergy.
- Applied robust **design pattern strategies**, elevating the application's scalability and maintainability.
- **Skills:** PHP, Laravel, Tailwind, Rest APIs, SQL, AWS, AI Integrations, OpenAI

Spotlight GB

Remote, UK

Full Stack Engineer (Part-time)

May 2024 - Jul 2024

- Successfully delivered highly available, fault-tolerant web applications using **PHP, Laravel**.
- Integrating **Third-Parties** to improve the features quality of multiple applications, removed up to **80-90%** of code smells, and reduced code duplication to almost under **5-10%**.
- Successfully **updated and delivered an outdated applications** serving hundreds of active users by updating to the latest language and framework versions, while keeping legacy features **100%** operational.
- Collaboration with **cross-functional teams**, elevating the system experience to achieve shared goals.
- **Skills:** PHP, Laravel, Python, SQL, Digital Ocean,

Ecom Panda

Remote, USA

Full Stack Developer

Feb 2023 - May 2024

- Took responsibility for successfully delivering multiple applications for our Canadian clients.
- Implemented **scalable APIs**, with robust authentication protocols like **JWT and OAuth**, for secure data sharing and seamless integration with external systems.
- Developed and Integrated Custom CRM using **Laravel** for multiple applications, resulting in reduced project subscription cost.
- **Skills:** PHP, Laravel, Rest APIs, SQL, Paypal, Stripe, DHL, Fedx, Rest API's, Twilio, Rackspace, Linux

FundQube

Remote, USA

Full Stack Developer (Part-time)

Sep 2023 - Dec 2024

- Took responsibility for developing and delivering multiple applications for our US clients regarding **Funding Management & BPO's** based applications integrations.
- Implemented **scalable APIs**, with robust authentication protocols like **JWT and OAuth**, for secure data sharing and seamless integration with external systems like **BPO's**.
- Developed and Integrated Custom CRM using **Laravel** for multiple applications, resulting in reduced project subscription cost.
- **Skills:** PHP, Laravel, Rest APIs, SQL, Stripe, Twilio, Plaid

- Worked within a high-performing team of software engineers, achieving delivery of **application based on security-based devices** while meeting tight deadlines.
- Achieved a remarkable **10-15% improvement in applications efficiency** through professional thought process.
- CI/CD Pipelines Integration, development of background jobs & processes, code reviews.
- Developed and integrated RESTful APIs to support mobile applications, ensuring high performance, scalability, and secure data exchange.
- **Skills: PHP, Laravel, Blade, Bootstrap, JavaScript, jQuery, CodeIgniter, Twilio, Rest API's, iPay88**

IIBTech

Gujrat, Pakistan

Web Developer

Feb 2019 - Dec 2021

- Designed and developed front-end interfaces using HTML, CSS, JavaScript, ensuring responsive, adaptive, and user-friendly layouts.
- Built and maintained RESTful APIs and server-side logic using modern backend frameworks, improving system performance and scalability.
- Managed databases through schema design, SQL query optimization, and data integrity checks, supporting stable application performance.
- Performed testing, debugging, and maintenance of existing products, resolving issues and enhancing system reliability.
- Conducted reverse engineering of legacy applications to modernize features and migrate outdated systems to scalable architectures.
- Collaborated with cross-functional teams using Agile methodologies, Git/GitHub, and GitFlow for structured and efficient development workflows.
- **Skills: PHP, Laravel, Blade, Bootstrap, JavaScript, jQuery, CodeIgniter, Rest API's**

ITTHUB

Gujrat, Pakistan

Instructor (Part-time)

Sep 2018 - Jan 2020

- Delivered structured training sessions on **HTML, CSS, and JavaScript**, guiding students from foundational concepts to practical, real-world application.
- Recognized for strong technical expertise and a professional, result-oriented teaching approach, combining theory with hands-on coding exercises.
- Created a positive and supportive classroom environment through a friendly, outgoing personality, clear communication, and approachable teaching style.
- Collaborated with the academic team to design and refine front-end development course content, ensuring alignment with industry standards and student learning needs.
- **Skills: HTML, CSS, Bootstrap, JavaScript**

Projects

RidingPink Its women-focused ride-hailing platform in Malaysia, connecting female passengers with verified female drivers for safe, reliable, and pre-booked transport. The platform supports on-demand ride scheduling, driver onboarding, real-time trip updates, and services like PinkAID and PinKIDS. Responsibilities include mobile API development, trip-booking logic, GPS and mapping integrations, payment gateway setup, and safety-first user flows. **Skills: PHP, CodeIgniter, Mobile App Development, GPS/Maps API, Payment Gateway Integration, Real-time Booking Systems, REST APIs, Authentication & Security, SQL.**

PubThree Is an independent video-news network that creates easy-to-understand explainer videos covering clinical research and medical journal findings, helping professionals and the public stay updated on healthcare developments. **Skills: PHP, CodeIgniter, HTML, CSS, SQL, Payment gateways, Third-party Integrations**

CoatiClean Is a full-service cleaning-services platform operating in the Central Valley, Bay Area, and Sacramento, offering over 100 curated services like janitorial, warehouse/industrial, tile & grout, and medical-office cleaning — all with real-time booking, verified professionals, and secure payments. **Skills: PHP, Laravel, AWS, SQL, Bootstrap, Real-Time Booking System, Payment Gateway Integration.**

Strip-Curtains.com Strip-Curtains.com is a manufacturer and global distributor of custom PVC strip curtain systems for industrial and commercial use — including freezer doors, clean-room curtains, and warehouse partitions — designed to improve temperature control, maintain hygiene, and reduce energy costs. **Skills: PHP, Laravel, Blade, Custom CRM, Payment gateways, E-commerce, Product Configuration, Inventory Integration, B2B Sales Platform**

NFCBIZ.com Is a leading provider of Near Field Communication (NFC) solutions, offering innovative hardware and software for contactless payments, access control, smart marketing, and secure authentication. Their products and services enable businesses

to enhance operational efficiency, improve customer engagement, and ensure secure digital interactions across multiple industries.
Skills: PHP, Laravel, Blade, JavaScript, jQuery, Digital Ocean, Stripe, Twilio

Education

PMAS Arid Agriculture University, Rawalpindi BACHELOR OF SCIENCE IN COMPUTER SCIENCE (BSCS)	<i>Pakistan</i> <i>2015 - 2019</i>
• Courses: Data Structure and Algorithms, Java Development, Object-Oriented Programming, Databases, Web Engineering, Artificial Intelligence, Human-Computer Interaction, Operating Systems, Assembly Language	
Chenab College of IT & Commerce, Wazirabad INTERMEDIATE IN COMPUTER SCIENCES	<i>Pakistan</i> <i>2012 - 2014</i>
• Courses: Computer Science, Mathematics, Physics	
Matriculation (Science) BACHELOR OF SCIENCE IN COMPUTER SCIENCE (BSCS)	<i>Pakistan</i> <i>2010 - 2012</i>
• Courses: Computer Science, Mathematics, Physics, Chemistry	

Publications

IEEEEXPLORE ISBN:979-8-3503-8133-7	<i>Link</i> <i>December 2023</i>
• Advancing Epilepsy Disease Classification through Machine Learning and Deep Learning Models Utilizing EEG Data.	
IMCEET2024 2nd IMCEET-2024	<i>Link</i> <i>March 2024</i>
• Machine Learning-Based Classification of Alzheimer's Disease Using EEG Signal Dataset: A Comparative Study of Feature Extraction and Classification Techniques.	

Language Skills

English: Professional working proficiency C1

Urdu: Native

Awards

2019	Silver Medalist (Stood 2 nd in BSCS degree from Arid Agriculture University, Rawalpindi)	<i>Pakistan</i>
2014	Student of the Session Award (Intermediate in Computer Science)	<i>Pakistan</i>

Certifications

2024	Oracle Cloud Infrastructure 2024 Generative AI Certified Professional	<i>Oracle</i>
2024	Generative AI Overview for Project Managers	<i>PMI</i>
2023	Microsoft Certified: Azure Fundamentals	<i>Microsoft</i>
2022	Microsoft Certified: Azure AI Fundamentals	<i>Microsoft</i>
2022	Microsoft Certified: Azure Data Fundamentals	<i>Microsoft</i>
2022	Microsoft Certified: Security, Compliance, and Identity Fundamentals	<i>Microsoft</i>
2017	Microsoft Technology Associate: HTML, CSS, JS Fundamentals	<i>Microsoft</i>
